

Learning Environments

Humpty's Gym

Physical activities are also promoted using a variety of resources for development movement play both in the playrooms and Humpty's Gym in the basement, where children can run, jump, climb, hop, skip, balance, throw, catch, develop hand-eye co-ordination, dance, sing, move freely along with many other physical skills. Children can choose to use this space through their sessions. This space is also used when it is unsafe to use an outdoor physical space, such as during periods of high winds.
